PAISLEY FREE LIBRARY

G. FOWLER in presenting to the Public the eighth edition of the Directory, returns his sincere thanks for the prompt and valuable assistance rendered to him by numerous Gentlemen in the County. Also, to those who have now become Subscribers, and others who have supported the Work since its commencement.

He now begs leave to remind the Public, that being first induced to commence the Work at the solicitation of a number of the most respectable Merchants and Traders in the Upper Ward of the County, (and after the first Publication of the Upper Ward was produced, he was solicited to extend his Work to the Lower Ward, by the Merchants and Traders there.)

After so many respectable solicitations, he pledged himself to Publish his Directory for the Upper Ward of the County annually, for six publications, which pledge he has redeemed.

He now respectfully announces that the Work will be Published every two years for other six publications, provided a sufficient number of subscribers is obtained, so as to insure him a proper remuneration for his labour.

In the accuracy of details, and distinctness of arrangements, he is aware that the chief value of such a Work consists, he has therefore spared neither pains nor expense in securing these. The Lists and Tables inserted in the appendixes are of the most useful description, and suitable not only to the Merchants and Traders, but to the Public generally, as a Directory, is the only repository whereby a commercial people are enabled to become acquainted with each other. As there are but few Copies thrown off, except what are subscribed for, non-subscribers will require to make early application ; and, to prevent disappointment, it will be found advantageous for those who wish to secure a copy, to give in their names when the surveys are taken. The Lower Ward will include the following Sea-Bathing Quarters, viz :—Gourock, Innerkip, Helensburgh, Largs, and Rothsay, giving the number of apartments and beds in each lodging, &c. &c.

The public are respectfully requested, when Removals and change of Firms take place, to send early notice to the Publisher, that the Lists may be made up by the 1st of May ;—The managers of those Institutions and Societies who wish them inserted in the Directory, will please send early notice thereof to the Publisher, (for form see Directory.) Such notices require to be accurate, as they are inserted VERBATIM.

As much delay and unnecessary trouble has been occasioned by Societies and other public bodies not giving in their lists, the Publisher intimates, that UNLESS the same be regularly forwarded, he will not be accountable for OMISSIONS.

All Communications, post-paid, will be duly attended to.

N. B.—Bookbinding—Copperplate Engraving and Printing—Letter Press and Lithographic Printing, done in a superior style.

☞ ORDERS RECEIVED FOR EVERY NEW PERIODICAL PUBLICATION.

2d. He shall wear his Badge or Ticket conspicuously on the left breast of his coat, which Badge shall be of brass, and have inscribed the words Robert Weir No 1 and the Number in the order of his admission, and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurley.

3d. He shall not, when unengaged, refuse employment when offered, whether on his station or not; and if he alledge previous engagement, he shall, when required, specify the nature and time of his engagement.

4th. He shall not demand higher fares than those specified in the subjoined Table ; a copy of which Table, with these Regulations, and also a small plan of the Town, divided into Sections of half a mile, he shall always have in his possession, and produce to persons employing him when required.

5th. No Porter shall appear on his station intoxicated. All Porters are prohibited from standing on the pavement, or crossings, to the obstruction or annoyance of the lieges ; as also from smoking, when upon their stations, or in any manner giving offence. In general, they are enjoined to conduct themselves orderly among themselves, and discreetly towards the public.

6th. Porters contravening, or not conforming to these Regulations, will subject themselves to a penalty not exceeding thirty shillings, which penalty shall be awarded, and the regulations enforced in a summary manner by the Sitting Magistrate, who may dismiss from said employment, and deprive of their Badge such as shall offend.

DIRECTIONS

For the Recovery of the apparently Drowned or Dead.

BY THE PAISLEY HUMANE SOCIETY.

IN APPARENT DEATH three objects are constantly to be kept in view; 1st, to remove every hurtful cause; 2d, to regulate the temperature of the body; 3d to restore breathing. For these purposes

the following directions may be usefully employed, till medical assistance arrive, which ought instantly to be sent for in every case.

In a case of Drowning.

Remove as quickly as possible all wet clothes from the body, dry it well, wrap it in any warm woollen covering, and convey it, with the head and breast moderately raised, to the nearest house, where none but useful assistants ought to be admitted. Let the body now be laid in a warm bed, or upon a warm blanket near a fire, *but not exposed to a strong heat.* Let the lost heat be restored by rubbing the surface with warm cloths or hands, by wrapping a piece of warm flannel or blanketting round the waist, and by applying warm substances, *first and chiefly* to the trunk and head, *next* to the limbs. The most convenient for this purpose are bottles or flasks filled with warm water, and bags or stockings filled with hot grains, chaff, bran, salt, or sand. Large glysters of warm water should also be exhibited. To restore the breathing, let a person firmly compress the nostrils with the fingers of one hand, then apply his mouth across the mouth of the body, and blow forcibly; let him now lift his head, and the air will escape. This operation is to be commenced as soon as possible, and continued till natural breathing return, or till the case appear hopeless. If water in the mouth and nostrils prevent inflation of the lungs, it ought to be discharged by blowing into the mouth while the nostrils are left open.

In a case of Strangling.

Remove every thing tight from the neck and breast, then proceed to inflate the lungs and restore heat, as directed above.

In a case of Suffocation from Impure Air.

Admit fresh air, inflate the lungs, and if the body be cold, restore heat as directed above; if, as sometimes happens, it be warmer than naturally, reduce the heat by dashing the head, neck, and breast smartly with cold water.

In a case of Apparent Death from Lightning.

Besides using the same means as for suffocation, give large glysters of salt and water, and use friction over the whole body.

In a case of Apparent Death from Intense Cold.

Avoid placing the body *at first* near the fire, use friction rather than apply heat for a time; in other respects act as for drowning.

In a case of Excessive Intoxication.

If the breathing be suspended, act as for drowning, give large glysters of salt and water, endeavour to bring up the contents of the stomach by tickling the throat with feathers; for the same purpose when the power of swallowing is restored, give copious draughts of warm water.

To prevent Death from Loss of Blood.

If from a wound, apply firm pressure to the wound by the finger or a small pad, till medical assistance can be procured. If from a limb, twist a handkerchief tightly round the limb, nearer to the

heart than the wound. If fainting has taken place, lay the patient in the recumbent position, and apply hartshorn to the nostrils. If the bleeding is from an internal part, apply cold wet cloths, and avoid all stimulants.

A Medical Apparatus lies in the Town's Hospital, another in the House of Recovery.

Besides a weekly market, held on Thursday, Fairs each of three days' duration, annually begin on the third Thursday of May and of February—the second Thursday of August and of November.—But the August Fair, called the Paisley St. James' Day Fair is the most considerable; being distinguished by horse-racing, attended by numerous shows, and observed as holiday time by all ranks of the people. These races are run annually on the Friday and Saturday of the St. James' Day Fair. For some years past a number of gentlemen in and about Paisley, have interested themselves to render these sports more attractive and safe, and have now completed a new Course of 36 to 40 feet broad, and upwards of a mile in length, (and clear of the public high way,) on ground near the old Course, west side of Greenock road, taken from the Community on a 19 year's lease; repaired at considerable expense, by public subscription, and finished in such a style, that no course in the West of Scotland equals, or at least surpasses it. Being staked and roped round, a greater degree of safety is ensured to horse and rider, and also to the spectators, and must give satisfaction to the lovers and encouragers of these sports. The whole is completed in such a manner as reflects the greatest credit upon the gentlemen who have taken an interest in it. The contractor, Mr Robert M'Creath, Elderslie, has finished the work in a superior syle.

The Subscription Sweepstakes by Members of the Society for the Best Three Milch Cows, being the property and in the possession of the competitor, from and after the 1st May, 1836, were awarded to William Glen, Esq., of Netherwood, Treasurer to the Society; and

The Subscription Sweepstakes by Members of the Society for the Best Two Queys, calved after the 1st of January 1834, bred by, and never out of the possession of, the competitor, were awarded to Mr James Stewart in Nethermill.

About Sixty members of the Society afterwards sat down to an excellent dinner in the Saracen's Head Inn, William Napier, Esq., of Blackston in the chair, William Glen, Esq., of Netherwood, croupier.

This Show has been accompanied with a high degree of satisfaction. The number of the cattle on the field, their excellent quality, the fineness of the weather, and the number of spectators, all conspired to give eclat to the proceedings. It was stated by one of the Judges at the Dinner, that the Show was superior to the one of last year at Ayr, before the Highland Society. The award of the Judges was not given till after the most mature investigation, and it certainly afforded us a good deal of satisfaction to find their award when announced, agreeing in so many instances with the opinions previously expressed by experienced farmers and country gentlemen outside of the ring.

FAIRS.

Johnstone Cross, nearly opposite to the Black Bull Inn, is distant from the Cross of Paisley, 3 miles, 5 furlongs, 34 poles. Fairs are held on the Thursday following the second Monday of July and on the last Thursday of October, for cattle; also, on the last Friday of December for horses.

Although this market is not generally known, being but lately established, yet, from the excellent supply of cattle brought forward, promises to be one of the most numerously attended Fairs in the West of Scotland. The market place is spacious and very extensive, affording accommodation rarely to be met with.

FAIRS.

*Lillia's Day, 3d Tuesday of July, Old Style.

*St. Barchan's Day, 1st Tuesday of December, Old Style.

*Old Style is too antiquated to be understood now, and we would recommend to the inhabitants of those villages who regulate their Fairs by it, to join in "the progressing march of intellect." The Russians who are in the rear of European civilization, have lately adopted New Style, and surely we will not allow ourselves to droop behind.
